

ROBOTSOFT

Better Technology for a Better Life

SOLAR POWER SYSTEM - LIGHTING - IOT

Robotsoft Lightbox

Solar Powered IOT Lighting
for Outdoor

Features

- Waterproof
- IOT (controlled using web or android app)
- Outdoor
- Voice control (controlled using web or android)
- Scheduled on off
- Low wattage
- Bright light
- Powered by solar power system

VARIANTS

Available in 3 variants :
10 watt, 13 watt & 17 watt

Robotsoft Torch

Solar Powered IOT Lighting
for Outdoor

Features

- Waterproof
- IOT (controlled using web or android app)
- Outdoor
- Voice control (controlled using web or android)
- Scheduled on off
- Low wattage
- Bright light
- Powered by solar power system

Wattage

- 9 watt

Robotsoft Floorlight

FEATURES

- Waterproof
- IOT (controlled using web or android app)
- Outdoor
- Voice control (controlled using web or android)
- Scheduled on off
- Low wattage
- Bright light
- Powered by solar power system

VARIANTS

Available in 3 variants :
10 watt, 13 watt & 17 watt

Robotsoft Solar

Off Grid Solar Power System

Robotsoft solar is an offgrid solar power system. Available in various variants from 100 watt to 9000 watt

ROBOTSOFT

Benefits

A single solar power system can be used to power up multiple devices and lights

- Source of electricity when there is power outage
- Reduce electricity costs
- Portable electricity

Other Solar Power Lighting Products (Non IOT)

Besides producing products we are also a distributor of other solar panel lights and we provide lighting installation for indoor and outdoor.

ROBOTSOFT

Robotsoft is a company specialized in producing various technology products.

Currently we have lighting, IOT and solar power system products.

We also provide some services :

- lighting installation
- electrical installation
- solar power system installation
- IOT installation
